NORTH SIDE NEWS

R. R. Baer and John Knolls Make a Wager.

Knolls Wins and Police Arrest the Wrong Man.

George Cooper, who is employed by the United States Express Company, was arrested by the police last night as an insane person. The police made a mistake. It was intended for them to arrest R. R. Baer, of the Topeka Packing Company, who was doing a walking stunt of a waiter.

Mr. Baer and John Knolls, the latter proprietor of a barber shop in North Topeka, wagered a sum on the walking ability of Mr. Baer. The latter contended that he could walk from Laurent street and Kansas avenue to Seventh street on Jackson street in fifteen minutes.

Mr. Baer started on his flying trip when D. T. Gabriel sought to delay him by securing the assistance of the police. On account of this, he telephoned to the police and told them a crazy man was walking along Jackson street and asked them to arrest him.

George Cooper and Mr. Knolls were the time keepers. The former ran along the street and Mr. Knolls was riding a bike. Cooper rushed ahead that he might be on the spot to witness the arrest of Mr. Baer but the police arrested him instead. They released him after a lengthy explanation was made. Mr. Baer lost the wager by ten seconds.

A call has been issued for a meeting to be held in the Commercial club rooms next Monday for making arrangements for forming an association for building a mutual telephone company in Shawnee county. The meeting has been called by W. S. Robinson and A. H. McDonald, two men who live in West Topeka and are acting for the temporary organization.

This meeting is being held for the purpose of getting the ideas of every body who is interested and to give farmers in all parts of the county, a chance to participate.

The regular monthly business meeting of the Commercial club will be held on Monday next.

QUICKLY CURES THE WORST BACKACHE

Makes Kidney Troubles, Bladder Disorders and Rheumatic Pains Vanish.

It is no longer necessary for any one to suffer with backache, kidney trouble, have disagreeable bladder and urinary disorders to contend with, or be tortured with rheumatism, stiff joints, and its heart-wrenching pains, for the new discovery, Croxone, quickly and surely relieves all such troubles.

Croxone is the most wonderful remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. It acts on the principle of cleaning out the poisons and removing the cause.

It soaks right in through the walls, membranes and linings, like water in a sponge, neutralizes, dissolves, and makes the kidneys sift out and filter away, all the uric acid and poisons from the blood, and leaves the kidneys and urinary organs clean, strong, healthy, and well.

It matters not how long you have suffered, how old you are, or what you have used, the very principle of Croxone is such, that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it.

If you suffer with pains in your back, sides, or have any signs of kidney, bladder troubles, or rheumatism, such as puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired, and run down, or bothered with urinary disorders, Croxone will quickly relieve you of your misery. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

Lady Wiggles

THE LADY WIGGLES.

She Is a Wise and Gentle Bull Dog and Carries a Pipe.

"Wuh, wuh," remarks someone at the Midwinter, and everybody turns to look. What they see—whether they recognize her or not—is a lady of quality. Everybody who looks once, looks twice. For the lady is engaged in a questionable pursuit, condemned by the first families. Smoking. Just so. Not a cigarette at that—but a mischievous looking pipe, stuck sportively into the corner of her mouth.

The name of the titled foreigner is Lady Wiggles. Now you know her. She is the constant pal of Harry Snyder, a girl.

The officers and members of the official board of the Central Avenue Christian church will hold their regular monthly business meeting tonight at the home of the pastor, Rev. John D. Zimmerman, at 1304 North Kansas avenue.

Mrs. George Hutton of Maple Grove is suffering with an attack of erysipelas.

C. D. Elliott left yesterday for Kemmerer, Wyo., on a business trip. Sam Nite, who is employed in Campbell's drug store, is off duty on account of illness. He is suffering with an attack of the grip.

The Arts and Crafts Embroidery club will meet Friday afternoon with Mrs. J. T. Esterren, 630 Clay street. A splendid first night audience attended the opening of the revival services Tuesday night at the Second Presbyterian church. Dr. S. S. Estey took as his subject "The Closed Door, or the Secret of Power." He said: "I believe in the open door in charity, hospitality and philanthropy; but in prayer I believe in the closed door. The secret of spiritual power is private prayer. It has been said that the church of the twentieth century will be a prayerless church. If it is it will also be a powerless church. If you should have success in this great revival campaign, you must all get behind the closed door." The services will continue every night for two weeks except Saturdays. Rev. Jay C. Everett, pastor of the Third Presbyterian church, spoke last night. Rev. Mr. Everett is the stated clerk of the Presbyterian synod of Kansas, and a commanding speaker. Mrs. Frank Phillips sang.

A. M. Petro, druggist.

Jack Humason Was There When Officer Arrived

To Serve Divorce Papers—His Name Was Written on Lining of Pockets.

When a deputy from the sheriff's office served William H. ("Jack") Humason with an order of court last night, enjoining him from interfering, molesting or even visiting his wife, Humason was seated comfortably at home reading a book. His wife occupied a seat next to him and was also reading.

"What does this mean?" Humason demanded when the papers were served on him.

He was told the order meant just what it said, so he packed up a few belongings and left the house. Suit for divorce against Humason was begun in the district court yesterday afternoon. His wife, Ida Humason, charges that he has a quarrelsome disposition, that he has cursed and abused her, called her vile names and that he has made himself a nuisance. They were married June 22, 1910. They have one adopted child, Harry William, five months old. She wants a division of the property as well as a decree of divorce.

HE BOOSTS PHILLIES.

Snodgrass Says They Will Be National League Runners Up.

Los Angeles, Cal., Jan. 30.—"The Philadelphia National team will give every club in the National League the fight of their lives next year. It will be the runner-up club to the Giants."

That is the opinion of Freddie Snodgrass, central fielder of the New York Nationals. Snodgrass came to Los Angeles today from the district court for a short visit. He is positive, however, that the Giants will repeat last year and land another pennant.

When asked what he thought of the Chicago Cubs, Snodgrass said: "It will entirely depend upon what Johnny Evers is able to do with me. He has the making of a good club. I think that the trading of Tinker to the Cincinnati Reds was a slick deal. The rest of the league will have to be figured out later. The Reds are an unknown quantity."

"The Pirates would have a good club if what the other teams will do. With Philadelphia, of course, I have studied the team and think I am almost positive what they will do next year."

Snodgrass expects to leave for the east inside of two weeks.

At 12:15 o'clock a luncheon will be served association directors, pastors and committee members. Between 5 and 6 o'clock the training institute proper will open. A. D. Gray presiding.

The membership committee decided today to insist in the campaign on the collection of twelve dollars in advance. A list of several hundred names of men who should be members of the club will be prepared for the benefit of the workers.

SUGGESTION FOR KANSAS STATE BUILDING FOR PANAMA EXPOSITION.

For the state buildings at the Bureau and St. Louis expositions, the plans were open to competition among the architects of the state, instead of having them made by the state architect. By this method a wider range of talent was brought into play. In making the appropriation for a state building for the Panama Exposition, the above cut is submitted as a suggestion for the building. WOMEN NOT WANTED

"Women and Children First" Bars Them as Operators.

San Francisco, Jan. 30.—Until the old order changes and "women and children first" gives way to a free for all in times of stress, women wireless operators will not be acceptable for duty at sea, according to an announcement made yesterday by United States Radio Inspector R. B. Wolverton.

More than 30 women have passed examinations here as wireless operators, but their appointment to responsible posts has been held up in the belief that men would be more dependable in a crisis.

Probate Judge Has New System.

New systems by which he expects to keep his records even more closely up to date have been installed in the probate judge's office by Hugh MacFarland, who recently took the office. The new system comprise card indices in juvenile cases that have been completed, and a card index system for probate court cases relating to estates, which will be completed in the near future.

By means of the juvenile cards Judge MacFarland is able to know what boys are expected to report on any given date, and to follow up the boys who fail to report.

The new systems require more work, but Judge MacFarland believes they will materially increase the efficiency of his office, and that they are more than worth while.
